Sporting Notes.

A League Baseball game was played on the local grounds Saturday between Spruce Grove and Stony Plain, which resulted in a win for the latter, 17 to 4.

The baseball game on Monday evening at the local ground resulted—Stony Plain 10, Canadian National 5.

Another baseball game will be played on Friday evening, between the Canadian Nationals and Stony Plain Club. Some good play will be seen, as Pitcher Eric is at his best every Friday. Come, and boost for the Railway bunch!

The football match between Spruce Grove and Stony Plain, billed for Wednesday evening, had to be postponed on account of the storm. It is said the kickers from the village claim the game by default.

A silver cup, donated by Ross Alger, for the winners in the local Football League, is now on exhibition at the Stony Plain Pharmacy.

The standing of the clubs in the Football League—Spruce Grove 5, Stony 2, Rosenthal 1.

There will be a meeting of the Stony Plain Rifle Club at Mr D L McKinley's Ranch, Comet, on Saturday, July 31st, at 2.30 p.m., for the purpose of fixing up the targets, range, etc., and to set a date for a meet. M. B. McColl, Secretary.

A big Sports Day was held at Mountain Park on Saturday last by the Tennis and Baseball Clubs of that place.

Bling Along Your Laundry!

Mah Hing, of Edmonton, has taken a five-year lease of the building at the corner of First and Main streets and will open a wash-dryer joint at this place next week. In an interview, Mr Mah expressed his willingness to put up a bond the nighties won't get mixed.

Potato Growers Organise.

At a meeting of the Edmonton District Potato Growers' Association held in the Civic Block, Edmonton on Saturday, the 23rd, it was decided by an unanimous vote to incorporate that organisation.

The new company will be known as the Edmonton Potato Growers Ltd., and shares will be sold to potato growers at \$25 each, 20 per cent of which will be paid in cash.

The incorporation of the potato growers is a direct result of the investigations made along this line by J H Hare (of the Department of Agriculture) in the Western States at the request of the Potato Growers' Association.

Mr Hare has made a close study of co-operative potato marketing associations in the Western States with the object in view of finding a system that would be suitable to the needs of the Edmonton potato growers.

Mr Hare also spent some time in Winnipeg, studying the market requirements, and the report on these matters was much to the satisfaction of the potato growers.

The Coming Fair.

The Big Fair is being held this year at Stony Plain on Tuesday and Wednesday, August 16 & 17. Boost your Fair by bringing in all the stock you can. Exhibits show results and it is on results that a district is judged.

A Special Prize of \$25.00 has been donated by Mr James Lord, of Stony Plain, for the largest number of points in the Root and Vegetable Section at the Stony Plain Fair. First prize, 3 points; 2d prize, 2 points; 3d prize, 1 point.

FOR RENT OR SALE.

"A Message To Garcia"

Some years ago the late Elbert Hubbard wrote what he himself termed "a literary trifle," entitled "A Message to Garcia." Did you ever read it? If not, get a copy and do so; it will repay you. Hubbard wrote it in how one evening after supper. Of this "literary trifle" he himself said: "The thing leaped hot from my heart, written after a trying day, when I had been endeavoring to train some rather delinquent villagers to adore the comatose state and get radioactive." In the course of a few years "A Message to Garcia" has been translated into every known language and over forty million copies have been printed. And its sale still continues.

The story itself is brief; it is the wonderful lesson it conveys that counts. When war broke out between the United States and Spain over Cuba, it was very necessary for the United States Government to communicate quickly with the leader of the Cuban insurgents. General Garcia was somewhere in the mountain fastnesses of Cuba—no one knew where. No mail or telegraph message could reach him. The President must secure his co-operation, and quickly. But how?

Someone said to the President, "There is a fellow by the name of Rowan who will find Garcia for you, if anybody can." Rowan was sent for and given a letter to be delivered to Garcia. "The fellow by the name of Rowan" took the letter, sealed it up in an oilskin pouch, strapped it over his heart, in four days landed by night off the coast of Cuba from an open boat, disappeared into the jungle, and in three weeks came out on the other side of the island, having traversed a hostile country on foot, and delivered his letter to Garcia.

Now the point of this story is not the bravery of the man in this risking his life, for thousands of men would unquestioningly run equal or greater risks; the point is that Rowan took the letter and did not stop to ask a multitude of questions, such as, "Who is Garcia?" "Where is he to be found?" "What does he look like?" "What do you want him for?" "Is there any particular hurry?" No, Rowan took the letter and started, knowing that all that was required of him was to deliver it. He had one clear-cut job to do, and he proceeded to do it.

How many of the countless millions of men and women who are employed in shops, factories, stores and offices today, yes, and on the farms, are possessed of Rowan's characteristics? How many display the same loyalty to a trust, act promptly and without questioning, concentrate their energies on the task before them, in a word, do the thing—"Carry a message to Garcia?" The regrettable fact is that not one in ten do so. Yet it does not call for any special training, or ability, but merely the exercise of will and a determination to do and win.

As Elbert Hubbard pointed out in his little booklet, General Garcia is dead now, but there are other Garcias to whom messages have to be delivered daily. No man who has endeavored to carry out an enterprise where many hands were needed, no man directing a large business, but who has been well-nigh appalled at times by the inability of the average man—the inability or unwillingness to concentrate on a thing and do it. Slipshod action, foolish inattention, drowsy indifference and half-hearted work seem the rule; and no man succeeds, unless by hook or crook or threat he forces or bribes other men to assist him; or maybe, God in His goodness performs a miracle, and sends him an Angel of Light for an assistant.

Today the average employee is more concerned about working as few hours as he possibly can manage to get away with and still hold his job. His ambition seems to be, not to excel in his work, but to collect from his employer as large a wage as possible in return for which he gives as little as possible. If employers grant an 8-hour day, the employees of this day and generation immediately organize and combine to compel them to concede a 7-hour day, but they still want an 8-hour day wage. They insist upon the observance of all holidays, but demand to be paid just the same. If asked in an emergency to do a piece of work which ordinarily does not fall within their duties, they object, claiming they were not hired for that purpose. Fellows "by the name of Rowan" seem to be mighty scarce these days, and the lack of initiative displayed by the average employee is simply appalling, coupled with an absolute unwillingness to make his employer's interests his own.

This incapacity for independent action, this moral stupidity, this infirmity of the will, this willingness to be carefully catch hold and lift—these are the things that put pure Socialism so far into the future and make thoughtful men and women reluctant to advance certain movements which might be mighty for the benefit of all. If men will not act for themselves, what will they do when the benefit of their effort is for all?

It is the men of the Rowan type who are getting on in the world, while these others remain the willing slaves of the "walking bosses" of the Labor Union. In self-protection the employer is forced to constantly resort to a weeding-out process, and no matter how good times may be, the incapables and ne'er-do-wells are out of work, having been replaced by others; and when times are hard the sorting-out process is done finer—but out and forever out the incompetent and unworthy go.

But there is always an opening, steady employment and a bright future for men and women who can be trusted to "Carry a message to Garcia" whenever they are called upon to do so.

U.S. Chief Justice In Quebec.

Ex-President W. H. Taft, who was recently appointed Chief Justice of the United States Supreme Court, is again spending the summer at Murray Bay, an attractive resort on the St. Lawrence River below Quebec City. Mr. Taft has for some time been a member of the Arbitration Board in connection with the Grand Trunk Railway, appointed by the Canadian Government.

To Reclaim 100,000 Acres.

The Governor of Idaho, U.S.A., and Mr. W. G. Swanson, of the Idaho Reclamation Commission, have just had an interview with the Premier of British Columbia and Hon. John T. Pugh, Minister of Lands, with a view to joint efforts in the reclamation of 100,000 acres of agricultural lands in the Kootenay Flats, two-thirds of which is in British Columbia and the balance across the line in Idaho.

Alberta Highways

Alberta Link of the Trans-Canadian Road Will Be Completed This Year.

Huge sums of money are being spent in road construction in Alberta this season. The Alberta link of the trans-Canadian road will be completed this year. The greater part of the road work in the province this season has been in the construction and repairing of the trunk road, but next year branch and district roads are to receive the most attention, and by 1923 it is expected that the province will have a net work of highways that will be second to none on the American continent.

The Alberta Government is being assisted in the construction of the trunk road by a grant of forty per cent. of the cost of these roads which the Dominion Government is making, provided the work reaches a certain standard which the Dominion Government has set.

The Man Who Works Hard Should Follow This Advice

Perseverance and will power he should have, but whether he has strength and vigor is another question. Hard working men often have headaches and suffer from bilious fits, and the occasional use of Dr. Hamilton's Pills keeps a man feeling fit and fine, keeps him always at his best. Headaches and bilious fits, Colic, are quickly remedied by Dr. Hamilton's Pills. Dr. Hamilton's Pills keep the system clean and pure, tone up the blood, drive away tiredness and lassitude. No medicine for men is better than Dr. Hamilton's Pills. 25c. Dealers or The Cataracthoxone Co., Montreal.

Marketing Western Wheat

Dr. Magill Does Not Anticipate Difficulty From U.S. Tariff.

Dr. Magill, secretary of the Winnipeg Grain Exchange, interviewed at Ottawa was of the opinion that there will be no difficulty in marketing the western wheat crop, despite the United States tariff. Dr. Magill thinks that English buyers are already in the market for vast quantities of Canadian grain, and that the United States will have to buy large quantities in any event.

GUARD BABY'S HEALTH IN THE SUMMER

The summer months are the most dangerous to children. The complaints of that season, which are cholera infantum, colic, diarrhoea and dysentery, come on so quickly that often a little one is beyond aid before the mother realizes he is ill. The mother must be on her guard to prevent these troubles, or if they do come on suddenly to banish them. No other medicine is of such aid to mothers during hot weather as is Baby's Own Tablets. They regulate the stomach and bowels and are absolutely safe. Send for the medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Read The Advertisements.

Make Your Purchases From Your Merchants and Help Stimulate Business.

The publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates. Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

Be fair to your local merchants. Ask to see his goods and compare prices before sending your money to the mail order houses. You will find that it pays.

Her Improvement Is Now Talk Of Friends Says Toronto Woman

"Tanlac has certainly had a good chance in my case to show what it can do; for I surely had a long, hard struggle and had just about tried everything," said Mrs. Mary Richards, 251 Ashdale Ave., Toronto.

"I have been in a badly run-down condition ever since I had pneumonia six years ago. My stomach was nearly always out of order. My appetite was very poor and I had to be very careful about what I ate, as I suffered terribly from indigestion, bronchitis and pains in my chest. My sleep was never sound and I had a tired, worn-out feeling all the time. I had dreadful headaches and weak spells and had fallen off in weight un-

til I was scarcely more than a shadow of my former self, and I was absolutely unfit for work of any kind.

But Tanlac has done me a world of good. My stomach is in fine condition now and I eat all I want and everything agrees with me perfectly. All my aches and pains are a thing of the past and I'm stronger than I've been in a long time. In fact, Tanlac has the same as made a new person of me, for I can do my household work with ease and my friends are talking about the wonderful change that has come over me. I don't believe anyone who suffers as I did can do better than take Tanlac."

Tanlac is sold by leading druggists everywhere.

What It Costs To Make Shoes

Labor Averages Only One Dollar A Pair.

If shoe workers worked for nothing it would not affect the price of boots and shoes more than a dollar a pair.

This is the answer of General Organizer E. W. O'Dell, of the Boot and Shoe Workers' Union, to the charge that labor costs were preventing a sprain in the price of shoes and boots.

"The average labor cost in a pair of boots or shoes is no more than a dollar, the maximum being \$1.25 in a \$16 pair," he said.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise and prevent the flesh from discoloring.

Nelson's Ship In Danger Of Sinking

Steel Casing Around Hull Would Keep Victory Afloat.

Nelson's old flagship, the Victory, is likely to sink at her moorings in Portsmouth Harbor, said the Marquis of Milford Haven at the meeting of the Society of Nautical Research.

It was suggested, he added, that a cement or steel casing round the hull might be made, and, as the Admiralty has no funds available, something would have to be done by public help.

Far Sale in Winnipeg.

The third successful Winnipeg auction far sale took place on the 5th July, when 250,000 pelts were disposed of to 500 buyers from various large United States cities. The fur sold in 413 lots, and a low estimate of the aggregate value is over \$500,000.

Makes Breathing Easy. The constriction of the air passages and the struggle for breath, too familiar evidence of asthmatic trouble, cannot daunt Dr. J. D. Kellogg's Asthma Remedy. This is the famous remedy which is known far and wide for its complete effectiveness even under very trying conditions. It is no untidy, experimental preparation, but one with many years of strong service behind it. Buy it from your nearest dealer.

The patriotic man is loyal to his country and to the community in which he lives. If he is consistent he will give first preference to Canadian made goods when making purchases. He will also stand loyally by his local dealer.

Sores Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils and numbers of people can certify that it healed where properly applied.

A Seasonable Reminder.

Much good advice was con-
tained in the remarks made
at a sitting of the Justice of
the Peace Court on Friday
last by one of the presiding
J.P.'s, Mr. Ghiselin.

The occasion was the sec-
ond act of "A Family Squabble,"
when one of the parties
was haled to court, to answer
a charge of damaging prop-
erty.

In dismissing the case, the
Court strongly advised the
two parties to live amicably
together, and try and settle
their differences without a
reference to the police. He
wished to discourage a prac-
tice—all too popular with
some—of asking assistance
from the authorities to settle
troubles in the home which
should never have been given
publicity.

The advice was good ad-
vice for all the year round,

Our Good Crops.

A drive thru the Mewasin
and Duffield districts this
week shows the crops all
looking in splendid condition
for this time of year, and the
prediction is made again that
the early cutting of the crops
this season will be a record
one. Timothy has made an
excellent growth this year,
as also has the other hays,
assuring a bumper hay crop
for the winter months. The
only undesirable aspect was
the fields in which the yellow
pest, mustard, was all too
apparent.

News from other places
says rye cutting is general
and barley cutting commen-
ced last week in the southern
parts of Saskatchewan. One
report was received of wheat
cutting in "Manitoba last
week. This is two weeks
ahead of last year, but about
on a par with the early sea-
son of 1919.

The early maturity of the
present crop will reduce the
danger of inclement fall wa-
ther for harvesting operations
and also the danger of frost
damage.

Drouth in Quebec.

According to the Quebec
Minister of Agriculture, the
drouth in that province this
summer has been such that
the farmers of Quebec are
faced with a fifty million dol-
lar loss thru having to sacri-
fice their cattle.

If this is true, those local
farmers who paid around \$70
a ton sixteen months ago
for Eastern hay will have a
chance to get their own back.
This is a matter in which
the railways could also create
a good impression by making
a rate reduction without be-
ing ordered to do so by the
Railway Commission.

oter of the Vermillion district,

The Manly Picnic

A large crowd was pres-

various games and sports took
up everybody's time in the
afternoon, and were enjoyed
immensely by all.

A big dance was held in

plied excellent music to a
large assemblage of dancers
who had gathered.

Picnic on the 22d.

A very successful picnic was
held at Mr. Stirling's ranch on
Friday last, about 200 people
being present. Games of all
kinds were indulged in, and a
good sport was seen. The feature
of the day was the ball-throwing
contest, won by Mrs. Johnson.
The throw was a record of, for
distance, the ball striking a horse
on the head about a quarter-mile
away, waking him up, and scaring
him pretty badly. The ball then
caromed off into the brush, where
it took 50 people 20 minutes to
find it.

British and Dominion Premiers To Confer on Disarmament

Meeting in London May Postpone Indefinitely Return of Premier Meighen to Canada.

London.—It is believed that the idea of holding a preliminary disarmament conference was originally proposed by Wm. Morris Hughes, premier of Australia, and Wm. F. Massey, premier of New Zealand, who will be unable to go to the United States during the autumn owing to the convening of their respective parliaments. A London conference is supposed also to have been strongly favored by Japan.

Instead of the proposed preliminary conference, there will be held here a conference between the British cabinet ministers and the Dominion premiers. For this purpose, Premier Meighen of Canada has postponed indefinitely his idea of sailing for home.

This conference will be devoted first to a discussion of the policy and representations of the British Empire at the Washington conference, and second, to the advisability of asking the Washington Government to postpone the disarmament and Pacific conference to some later date than Nov. 11.

Such a postponement would not only be agreeable to the Dominion premiers, who will be unable to be in Washington in November, but it would be convenient to the British Government because, in the event of Irish negotiations proving successful, it might become necessary to hold an autumn session of parliament to legislate for a new Irish settlement.

Stopping for a few minutes in the lee of the land we held our breath. The wind had increased and white caps were beginning to show on the lake, also the wind which had been fair would now be on our broadside and the boat was light. Then again to weather the point our course must be south in place of east. After some discussion I decided to go on, and we placed a few stones in the bow of the boat for ballast. Then, putting two reefs in the sail, we sailed out close-hauled and found, alas, we made some leeway, there being not enough cargo on board to trim her properly. Still, by shifting the passengers midships and I in the bow, the boy at the sheet, old Antoine steering, we thought though close enough, if I was to lead steadily we could make it. I forgot to mention that we had shipped the big sweep in the morning and were now steering by rudder.

Occasionally spray would break over the boat and this seemed to excite our Scotchman who got his arm twisted in the sheet and nearly went overboard. I sat him down rather roughly on the thwart and told him not to stir, but when I went forward, heaving a shout from the bow, he was at the sheet again and within an act of going over the side. We lost some ground here as Antoine was watching the antics of our looney; so yelling to keep her up to the wind, I fetched Mr. Scotty a crack on the head with a spare tiller, and down he went, quiet enough. This alarmed the little girls and they began to cry; also they were seasick as the wind was getting heavier, at times the boat showing half her keel. We were nearing the end of the point where the surf was breaking over the rocks to some distance out. It was an anxious time for me, and I told Antoine and the boy to take a child apiece if we struck, and I would help the wife and baby, for rather young as the wife was about six, I should think. The Scot would have to help himself, as he was now sitting in the bottom of the boat looking very stupid. Then stretching along the bow I watched keenly for rocks, a wave of the hand meaning the steam alarm. For twenty minutes we were in considerable danger and the noise of the surf was deafening. One could have chucked a biscuit on the rocks from the boat, and old Antoine said it was only our drangle that saved us. Round the point we went into a beautiful little bay, the shores of which were lined with cedar (the only place they show in the whole course of the river) and landing, the whole party had a good rest and wash, even Scotty behaving more rationally than usual.

It was, now again fair sail away and shoving the reefs out of our sail away we went for Grand Rapids, the wind blowing half a gale behind us. Never was better time made and, Cross

Lake, though six miles in width, was crossed in a few minutes. Then on we went, tearing for the head of Grand Rapids itself where the upper post was situated. I could recognize the tall form of my friend and mentor, Alex. Matheson, anxiously pacing the shore and staring at our boat which was coming along at a tremendous speed, favored both by wind and current. He was at that time in charge of all steamboat transport. Antoine held her well and we kept full sail up to the last minute, then dropped the yard and ran the bow of the old boat a foot into the bank. Poor Matheson was shaking his head and saying, "Ah, Lord B. (his nickname for me), I was sure it was you, no one else would be reckless enough to run those rapids under full sail."

Glad I was to land my party, and I expect the trip would linger long in the memory of Mrs. Missionary and her little girls. Fortunately the Str. Colwell was not expected until next day so we had plenty of time to recover from the effects of our journey.

For the information of those readers I might state the Grand Rapids are situated at the mouth of the Saskatchewan River where it enters Lake Winnipeg. There is a continuous rapid for over three miles, in which there are three drops over rocky ledges. The rapids can be run easily by experienced hands, and accidents can happen just as easily when the passage is undertaken by tenderfeet. The Hudson's Bay Company had two of their best river steamers hauled up these rapids by the help of many men and the bigger engines on the boats. These were the Nor-West and the Northcoast. The Marquis was the largest boat, but rather too heavy for the river. A steel steamer called the Lily was tried for the navigation of the South Branch, but proved a failure. She was modelled on the plan of the African and Indian river boats, but did not work out on western rivers.

A steel trainway was laid by the H. B. Co. across the Portage and mule power was used to transport the freight from the lower warehouse to the large establishment at the head of the rapids. This still remains, but I believe is no longer used.

Myself and passengers all went aboard the Colwell next day, and the poor Scotch laddie, after a medical examination, was sent to the asylum for a few months. After seven years in the west I had, however, granted a year's furlough, and accompanied the valuable cargo of furs as far as St. Paul, these having come in by the steamer. We ascended the Red River by steamer, thence by train to St. Paul, taking a receipt for the furs I packed by the lake route east, sailing from Duluth and thence by water through the great lakes, down the rapids of the St. Lawrence out in the gulf to Gaspe Basin, where my people were living at that time.

To Prosecute Income-Tax Defaulters

Many Have Not Complied With Law In Making Necessary Returns.

Ottawa.—Extensive prosecutions all over the country are about to be instituted by the taxation branch of the finance department against those who have failed to make returns of income as provided by the Income Tax Act. While the number making returns this year is very much greater than before, and with much less suspicion of fraud and concealment, there are thousands who have not complied with the act at all, and evidently plan to escape the taxation which applies to all with income in excess of the statutory exemption.

The department, having returns from employers, has a good idea of those who are assessable, and it is not a difficult proposition to check and see if they have made returns. There are others who are not employed by companies or firms, but rather are in business for themselves or living in cash, and it is not hard to get at this class either. The prosecutions for false returns initiated last year have had a salutary effect and have led to a greater accuracy. This year there are comparatively few cases of this score, but a great number who have "ignored the law completely." The penalty is \$25 for each day of default.

Bodies Of Fallen Soldiers' Removed

Claim Many Canadian Graves in France and Flanders Are Empty.

London.—The Daily Express makes a sensational statement respecting Canadian bodies on the battlefields of France and Belgium. According to this paper, one of the startling allegations made by a responsible Canadian Government official working on the War Graves Commission in re-entering the dead, is that "many graves in the Great War cemeteries of Flanders and France marked with the names of fallen soldiers are in fact empty of remains."

The Canadian officer declared to the Daily Express representative: "There is a cemetery at Hooge, which has a whole line of empty graves, although each is marked with a cross and relatives and friends of the fallen have actually been in the cemetery when graves have been opened and found nothing. Their distress has been beyond imagination."

This officer says there appears to be a lack of supervision of the general work and in proof he relates how a wealthy Canadian from the West, on being denied the removal of his son from a cemetery in Flanders, managed to get two men to dig up the body at midnight and the remains were shipped across the Atlantic from Antwerp. One of the men engaged is understood to have been concerned in other cases of removal.

Census Work Nearly Finished

Ottawa.—While the great bulk of Canada's population census has now been taken, no definite figures may be published for another month, and it may be November before the population for the Dominion is officially announced. In the meantime much has to be done in the way of revision. The census branch is receiving a large number of reports from individuals who complain of having been overlooked.

Oilfields On Fire

Fire Is Raging in the Amatlan, Mexico.

Mexico City.—The Amatlan oilfields are on fire, with drilling towers falling like chaff and the workmen fleeing according to reports received here describing "the greatest catastrophe in the history of the world's oilfields." The cause of the fire is not known.

Financial losses cannot be estimated, say the advisers, which add that the conflagration dwarfs into insignificance the Pordio Del Llano conflagration.

Columns of fire hundreds of feet high are covering the field, it is declared, which is hundreds of acres in extent, and efforts to suppress the blaze are said to be considered hopeless.

To Build Houses For Workmen.

Montreal.—Work is immediately to be begun in the city of a programme that calls for 1,500 substantial brick houses for workmen.

A corporation composed largely of business men who feel that the housing shortage is handicapping the industrial progress of the city, will finance the project. Workmen will be encouraged to buy houses.

U. F. A. Victory In Alberta

Final Returns Give Farmers Total of 39 Seats.

Edmonton.—Final returns from Clearwater indicate the election of Dr. State, Liberal, by a majority of 85 over O. T. Lee, Independent Liberal, and 100 over Robt. Campbell, Independent.

F. Fedm, Farmer, won in Victoria by 39 majority over Frank Walker, Liberal.

D. F. Muir, Farmer, is elected in Leduc, and W. J. Joly, Farmer, in St. Paul.

The standing of the parties is now: U.F.A., 39. Liberals, 14. Independents, 4. Labor, 4.

More Work In Railway Shops

Increased Hours of Work Effecting Many Workers In Winnipeg Shops.

Winnipeg.—An increase from 24 to 46 hours a week affecting nearly 6,000 men employed in car, locomotive and repair shops in Western Canada by the Canadian National Railways was announced here. The new hours go into effect immediately. The reduced hours have been in force during the last six months.

The Canadian Pacific Railway shops are now working a straight five days a week with the expectation that they will go on full time next month.

Prince May Visit Japan Next April

London.—Japan's invitation to the Prince of Wales to visit Japan at the conclusion of his Indian tour has not yet been officially accepted. It is understood, however, that the King approves of the visit and that the Prince will go to Japan March or April, 1922.

Winnipeg Housing Scheme

Winnipeg.—The city of Winnipeg under the post-war housing relief fund will have advanced a total of \$125,000 for construction of 356 dwellings when the 1921 building season comes to an end November 1, a representative of the housing commission announced. Most of the dwellings will be occupied by regularly constituted taxpayers of the city. The houses are constructed according to standard specifications and are inspected carefully while under construction.

Ottawa.—No sittings of the Railway Commission are scheduled for the remainder of July and the month of August. The next will probably be the regular sitting in Ottawa on the second Tuesday of September.

McMillan Expedition To North

Hope To Winter In Latitude Where No Boat Has Been For Hundred Years.

Halifax.—"We hope to winter in Fury and Hecla Straits, seventy degrees north latitude where no ship has been for one hundred years," said Prof. Donald B. MacMillan, in an interview on board his exploration ship Bowdoin, en route to the far north to explore one thousand miles of unknown coast line on the western shores of Baffinland.

The Bowdoin stated Prof. MacMillan, is one of the smallest ships that have ever travelled north. The last expedition was made by Captain Parry, a British naval officer, who was in search of a northwest passage. His men went down with scurvy and his two ships, the Fury and the Hecla, whose names were given the straits they discovered, were forced to return to England. "No ship has ever been through the Fury and Hecla straits and the Bowdoin was built smaller in order to navigate them."

PROVINCE OF ALBERTA CO-OPERATIVE CREDIT SOCIETIES.

The Provincial Government has provided legislation designed to encourage the co-operation of farmers by adequate credit, longer term loans, lower interest rates, cash prices for purchases, saving of time and labor, and an improved community spirit.

Increased Farm Credit depends upon:

- (1) Greater liability of loans.
- (2) Certainty of repayment.
- (3) Adequate powers of security.

THE ALBERTA CO-OPERATIVE CREDIT ACT, in its amended form, grants exceptional powers in the matter of taking necessary security, and thus repayment can be safely provided for.

Organization of a Society requires:

- I. Fifteen signatures to petition to incorporate.

IF YOU ARE INTERESTED AND DESIRE FULLER INFORMATION
COMMUNICATE WITH

HON. C. R. MITCHELL,
Provincial Treasurer.

- II. Thirty members in good standing to start operations.
 - III. Each member to subscribe for \$100 stock on which he pays twenty per cent. in cash and twenty per cent. each year thereafter.
 - IV. Affairs controlled by Board of Directors.
 - V. Limited liability.
- GUARANTEES of Municipal District and Government are given in accordance with terms of Act.

LOST 29 POUNDS DYSENTERY WAS THE CAUSE

Dysentery is one of the worst forms of bowel complaint, and hardly any other disease so quickly undermines the strength and brings about a condition of prostration and utter collapse that often terminate fatally. To check the unnatural discharge without bringing on constipation you should use that grand old remedy with a reputation extending of 76 years.

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Mr. G. H. McVagh, Mower, Sask., writes: "About eight years ago I had a severe attack of dysentery. I was sick for three weeks. I weighed 154 lbs. when I took sick and 125 when I got it stopped. I tried every medicine on the market, but did not find relief until I used Dr. Fowler's Extract of Wild Strawberry, and one bottle did it. I think there is nothing like it for diarrhoea or dysentery. I always keep some on hand as a person does not know when he will need it." Price 50c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Novel Use For German Indemnity

Britain May Use Her Share to Help Overseas Settlers.

The parliamentary empire development committee is considering a novel scheme of overseas development. The proposal is that part of the indemnity which Britain is to receive from Germany should be placed in a fund out of which loans would be made to suitable men and families to enable them to settle in the overseas dominions. Next December, Great Britain will receive £50,000,000 worth of German bonds, and the idea is that £50,000,000 worth of these bonds should be guaranteed by the British Government and made the basis of advances to overseas settlers, such advances to be secured by mortgages on properties acquired and developed by the settlers.

PALE AND NERVOUS SCHOOL CHILDREN

Need Rich, Red Blood to Regain Health and Strength.

Many children start school in feeble health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus Dance, or drift into debility that leads to other troubles. Regular meals, outdoor exercises and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the school child's blood supply. Keep this rich, red blood giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N.B., who says: "In the spring of 1912 my daughter, Thelma, then 12 years of age, began to show symptoms of nervousness which developed into St. Vitus Dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better even than we had hoped for, and she is now enjoying the best of health." You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Plan Your Vacation Trip

Special Summer Tourist Fares to the Pacific Coast.

Special Summer Tourist tickets to Vancouver, Victoria, Seattle and other Pacific Coast points are now on sale daily by the Canadian Pacific Railway. These tickets will bear a final return limit until October 31st, and permit stopovers en route, which gives travellers an opportunity of visiting some of the beautiful resorts in the Rockies, such as Banff, Lake Louise and Glacier, where the Company maintain splendid resort hotels. These tickets are optional via the main line or Arrow Lakes route in one or both directions without extra charge. No expensive side trips necessary.

In addition to the "Trans-Canada Limited" exclusive sleeping car train, a choice of two other daily trains is offered, and as all are equipped with open-top observation cars through the mountains an excellent view of the magnificent scenery may be had.

Any Agent of the Canadian Pacific will be pleased to give further particulars and make the necessary arrangements for the trip.

Even the lungs go the healing vapor of Catarrhozone—all through the bronchial tubes, nostrils and air passages—everywhere a trace of disease remains will Catarrhozone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhozone is used. Get it today! Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. Large size, two months' treatment, costs \$1.00, small, size 50c, sample size 25c, all dealers or the Catarrhozone Co., Montreal.

Placating The Crowd.

The British Government declares it is abandoning war subsidies to agriculture, which would amount to \$100,000,000 or \$150,000,000. But it is making a grant of £3 per acre for wheat, and £4 for oats this year, the cost of which will be £5,000,000 and \$175,000,000. This is one way of trying to placate the economy crowd.—Toronto Mail and Empire.

The worms that infest children from their birth are of two kinds, those that find lodgement in the stomach and those that are found in the intestines and are the most destructive, as they cling to the walls of the intestines and if not infested with the worm powder, the Miller's Worm Powders dislodge both kinds and while expelling them from the system serve to repair the damage they have caused.

Conditions Good in Germany

Are Hopeful of Paying Indemnity, Says Canadian Officer.

The German people are hopeful of being able to pay their war indemnity and indications are that they will be able to do so if given time, in the opinion of Major Spenger Relp, controller of the clearing office in Canada, which is handling enemy property and reparations.

Major Relp has just returned to Ottawa after spending some time in England and Germany. In regard to conditions in Germany, Major Relp stated that he found every evidence that all factories were running full blast all night and German agricultural prospects were excellent.

Oil Has More Steam Than Coal.

The amazing increase in the use of oil for fuel is not surprising when it is considered that, weight for weight and with proper burners, the oil gives 50 per cent. more steam than coal. It is easier than coal to handle, it obviates dust and dirt, makes little smoke and no ashes and can be lighted instantly and controlled absolutely.

Fleevish, pale, restless and sickly children owe their condition to worms. Mother Graves' Worm Expeller will relieve them and restore health.

Price Russia Has Paid.

Russia's loss of 12,000,000 population seems to be a big price to pay for a fantastic economic dream.—Chicago News.

CUTICURA HEALS BABY'S FACE

Could Not Sleep Except Itched and Burned So.

"I noticed a little pimple on my baby's face. I thought it was from the sun but it kept getting worse and the skin was red and very hot. He could not sleep or rest the eruption itched and burned so, and it caused him to scratch. I was quite discouraged."

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more and after using two cakes of Cuticura Soap and one half ounce of Ointment he was healed." (Signed) Mrs. E. D. McGuire, Clarkburg, W. Va.

A Tennis Frock Of Striped Silk

By Marie Belmont.

Heavy crepe de chine is an admirable silk for the summer sport frock. While the plain weaves may be had in many very lovely colors the striped silk can be developed in most attractive modes. An excellent quality of crepe de chine is chosen for the model illustrated. It has a cream ground, which is broken at regular intervals by stripes of blue and gold. On skirt and blouse, which is cut with kimono sleeves, the stripes are horizontal. Bands of the silk with the stripes running vertically extend from the shoulders to hem and give a touch of distinction to the dress. The tie is made of blue silk.

Mild Epidemic Going Round.

It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nerviline in sweetened water usually get quick relief. It is really wonderful how good old Nerviline fixes a sour stomach, how it stops hiccoughs, how quickly it puts a stop to those nasty attacks of gas. Every home should keep a bottle of or two of good old Nerviline on hand. 35 cents everywhere.

Travel A Good Investment

Get Away For A Vacation And See The Sights.

In every person's life at some time or other there comes a feeling of utter exhaustion, or, as many say, "Fed up," with a general lack of interest in their everyday surroundings. Hard work is as a rule blamed for this condition, but the chief reason is the lack of change, a relaxation of the mind. Get away for a few weeks—vacation, see new sights and how the rest of the world live. Enjoy a change of climate. There are thousands of interesting places in Canada which may be enjoyed either winter or summer, and within easy reach via the Canadian Pacific Railway.

A trip at any season of the year will prove a good investment and send you back with renewed vigor, broader and much wider from the knowledge gained. A postal card to any Canadian Pacific Agent will bring you literature and any information desired.

Going Down.

A Scotchman who was notorious as a skeptic had erected a massive mausoleum for his final rest and one day he observed an elder of the kirk gazing at it.

"Strong place that, hey David?" he said. "I'll take a mon some time tae raise up oot o' that daid o' the judgment."

"Hoot, mon," said David, "ye can gie yerseel little fash about rainin when that day comes. They'll tak the bottom 'oot o' it and let you fa doon."—Boston Transcript.

Canada's Outlook Is Bright

News That Hushes the Howls of the Pessimist.

"Splendid crops all over Canada" is the news that flashes from the Department of Agriculture at Ottawa.

It is news that hushes the howls of the pessimist and kindles anew the confidence every true Canadian has in his country.

The years following the war have been pointed to as the years of Canadian expansion, and now that the after-war unrest is settling, Nature has turned in to get this young nation off to a flying start.—Toronto Telegram.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh Medicine does more than what they are in good health. This fact proves that Catarrh Medicine is a disease, it is greatly influenced by constitutional conditions. Catarrh Medicine is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. P. J. Casey & Co., Toledo, Ohio.

Bricks Reduced In Price.

The brick manufacturers of the province of Manitoba have unanimously agreed to a reduction of \$1.25 per thousand of bricks, to take effect as from the 1st July.

Armstrong, B. C.

Minard's Liniment Co., Ltd.

Vanarsdall, B. C.

Dear Sirs—Since the start of the Baseball season we have been hindered with some matters, and as soon as we started using MINARD'S LINIMENT our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly,

W. E. McPHERSON,

Secretary Armstrong High School, Baseball Team.

A Monster Sturgeon.

One of the largest sturgeon ever sold was caught recently by William Gooshead, a Russian Indian, fishing at Pigeon Bay, Lake Winnipeg. Helgi Einarson, the buyer, said it was the biggest he had ever seen. Its weight was 190 pounds. Dressed it tipped the scales at 120. The head alone weighed 27 pounds. Its length was eight feet six inches and circumference four feet three inches.

For Civic Housing.

The Civic Housing Commission of Winnipeg has given up to the 1st July, 1921, aggregating \$850,000, for home building purposes. This is an increase of \$50,000 over the entire building plan for last season.

TO WOMEN OF MIDDLE AGE

This Woman's Letter Tells You How To Pass The Crisis Safely.

Lascelles, P. Q.—"During the Change of Life I felt so weak and run down I could hardly do my work. The perspiration would pour over my face so that I couldn't see what I was doing. We live on a farm, so there is lots to do, but many who felt as I did would have been in bed. I took Lydia E. Pinkham's Vegetable Compound and it did me a world of good. I tried other remedies but I put Vegetable Compound ahead of them all, and I tell every one I know how much good it has done me." Mrs. DUNCAN BROWN, Lascelles, Prov. Quebec.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, mounds in the ear, palpitation of the heart, sparks before the eyes, irregularities of menstruation, nervousness, weakness and dizziness should be heeded by middle-aged women, and get Lydia E. Pinkham's Vegetable Compound as it has done me. This would carry them safely through this crisis as it did Mrs. Brown.

You are invited to write for free advice.

No other medicine has been so successful in relieving women of suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing to Mrs. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Greenfield for Premier.

At the conference in Calgary on Tuesday last of the U.F.A. members-elect of the Alberta Assembly, President Wood declined to accept the position of Premier, and the choice fell on Mr Herbert Greenfield, of Westlock.

Mr H Greenfield is well known in Stony Plain, having attended the U. F. A. convention here in April last.

Mr Greenfield was born in Winchester, Eng., 32 years ago. He is an out and out farmer, and has passed thru the mill from being a hired man to the owner of one of the finest farms in northern Alberta.

He came to Canada in 1892 and farmed for several years in Western Ontario.

In 1906 he homesteaded at Westlock, and has resided there ever since.

Mr Greenfield is a man of strong personality, and is eminently fitted to guide the Farmers' destiny in this Province.

Stony Plain and District

Mr Geo McMillan returned on Tuesday from a stock-judging trip on the Big Fair Circuit.

A C N special train was out to Stony on Tuesday, and took away 20 cars of grain from the Gillespie Elevator.

The members of Stony Plain Local of the U. F. A. met Saturday night in Ducholke's Hall, and were addressed by Member-elect Washburn.

Sunday last was a record day at Edmonton Beach, over 300 cars being parked there during the afternoon.

The U. G. G. of Edmonton are holding a big picnic at Edmonton Beach on Saturday next.

Miss Empey was a visitor last week with Mrs George Pugh, at Carvel.

The dance at Couch's Ranch, at Brightbank, on Friday evening last, was well patronised.

Wm Anderson has sold his farm, the N E 18 52 1, to Mr Henry Baron.

Mr Sam Siepel, who had been away on an extended trip to Portland, Ore, returned last week to the Carvel district.

A new building for Presbyterian worship is in course of erection at Spruce Grove.

Spruce Grove School District No. 450 has had the following lands added to it—SE 34 52 27; SE, SW & NE 28 53 27 4. The first quarter section was taken from Stony Plain S D No 322, and the latter three quarters from Muir Lake S D No 3158. This was sanctioned by the Dept. of Education.

While the big gale of wind was blowing Thursday afternoon, it did considerable damage north of Duffield, including blowing over the machine shop belonging to Mr F J Francey.

A sale of blocks and lots in arrears for taxes will be held at the Village of Lakeview, Wabamun, August 8.

The capital stock of the Edson Light Co. has been increased from \$5000 to \$10,000.

Don't forget the moving picture lecture to be given by Miss Morikin on Thursday, August 4, at 3 p.m. and also at 8 p.m. The Women's Institute invite the public to attend, free of charge.

Mr R E Wood paid 11½¢ for hogs on Wednesday.

Prizes for Sunnybrook

At the recent Fair in Edmonton Mr Wm Gilbert won a large number of prizes for his showing of Holsteins, which is said to have been the best shown in the West for a number of years. In the Senior Yearlings his exhibit won out over the Rettle entry (from Ontario) which had taken first at Calgary. Geo Bevington of Winterburn also won several prizes on his exhibits of young stock in the Holstein class.

Mr Jacob Straasburger received a number of first prizes for his exhibits of sheafs of grains and grasses.

At the Red Deer Fair, last week, Mr Wm Gilbert won 4 first prizes and 2 seconds, with his exhibit of Berkshire swine.
